Park Bench with bottom plate Natural Concrete

Product code: BB.PB.OP

Nowadays you see our concrete park bench everywhere. When you walk through a forest, on the schoolyard, in the middle of the city, at a campsite or in a park. A concrete park bench is ideal for moments of rest on cycling and walking routes and serves as a perfect meeting place. Additionally, they form a nice combination with our concrete ping pong table, foot volleyball table or chess table.

Sustainable park bench with bamboo seat

This park bench with base plate is a DeLuxe version. This means that both the seats and backrests are made of high-quality pressed bamboo. With this bamboo seat, the park bench is also a very sustainable and durable product. Bamboo grows very quickly and is a mostly inexhaustible resource.

Park bench in different variants

The base plate and supports are made in the colour Natural Concrete. You can also opt for the Anthracite-Concrete park bench. You can combine this variant with a matching table. The dimensions of the park bench with base plate are 248 x 120 cm. The seat height is 50 cm, which is an ergonomic seat, making the park bench suitable for seniors. The supports of park benches are solid. We use high-quality concrete for this. This means you can be sure that you'll be able to use this park bench for a long time.

Concrete base plates for park bench

This park bench comes with a base plate. The base plates ensure that a park

bench can stand stable. A base plate is also useful when it is rainy and/or muddy. Thanks to the base plate, you will not have to worry about muddy shoes. The base plate also ensures that the maintenance of a park bench is a lot easier. This variant has a bottom plate with anti-slip pattern, which reduces the risk of slipping.
