

Chess Table Polished Concrete (2P)

Product code: GT.CH.G2

This concrete set consists of a bottom plate with a chess table and two seats. Like all other tables and benches of HeBlad, this table is moulded entirely in one piece of high-quality concrete. The bottom plate measures 59 x 149 cm.

In case you want to place the table in a park, the plate can be levelled with the grass so that the upper side of the concrete plate matches the cutting height.

Placing is included in the price. Preliminary work must be finished before delivery. The 64 fields (32 white and 32 black) are made of marble and hard granite rock and integrated into the concrete. After that, the table top is grinded and polished, by which the inside of the concrete becomes visible.

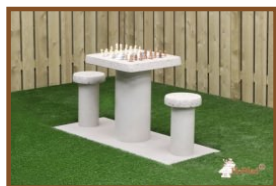

The table is weatherproof.

By ordering this chess table you receive 2 sets of chess figures with the delivery, free of charge.

Specifications Chess Table Polished Concrete (2P)
