

Checkers/Drafts Table Polished Concrete (2P)

Product code: GT.CK.G2

This concrete set consists of a bottom plate with a draughts table and two seats. Very elegant looking table to play on, suitable for any place where Young and Old are looking for entertainment and fun.

The 100 fields (50 white and 50 black) are made of marble and hard granite rock, natural stones, which are integrated into the concrete by us.

The bottom plate measures 59 x 149 cm. By removing 2 x 5 paving stones from the schoolyard a space of 60 x 150 cm is created. We want to place the table in this "gap" so that the bottom plate is fully integrated into the schoolyards pavement.

In case, you want to place the table in a park, the plate can be levelled with the grass so that the upper side of the concrete plate matches the cutting height.

Placing is included in the price. Preliminary work must be finished before delivery. Like all other tables and benches of HeBlad, this table is moulded entirely in one piece of high quality concrete. After the hardening- and drying process the tables are polished.

The table is weatherproof.
