

## Picnic set Compact Anthracite-Concrete 4 persons

Product code: PS.C.AB4
This concrete set consists of a bottom plate with a tabletop and four seats. Very elegant looking table to sit on, suitable for any place where Young and Old are looking for entertainment and fun.

The bottom plate measures $59 \times 149 \mathrm{~cm}$. By removing $2 \times 5$ paving stones from the schoolyard a space of $60 \times 150 \mathrm{~cm}$ is created. We want to place the table in this "gap" so that the bottom plate is fully integrated into the schoolyards pavement.

In case, you want to place the table in a park, the plate can be levelled with the grass so that the upper side of the concrete plate matches the cutting height.

Placing is included in the price. Preliminary work must be finished before delivery. Like all other tables and benches of HeBlad, this table is moulded entirely in one piece of high quality concrete.

This concrete table is made of anthracite-coloured concrete. The anthracite "concrete-look" is a decorative sight

The table is weatherproof.
