Foot Volleyball Table Anthracite-Concrete

Product code: VV.AB

A foot volleyball table is a true showpiece on a schoolyard, in parks, playgrounds and at sports clubs. A foot volleyball table is a gaming table that resembles a table tennis table and on which all kinds of game variations can be played with a football. This table guarantees a lot of fun for both young and old.

Playing on the foot volleyball table

On the foot volleyball table you can play the new sport of foot volleyball, a game similar to table tennis. A table tennis table is flat, completely straight. A foot volleyball table is slightly curved. And the ball being played with is a larger ball than a ping pong ball, namely a football. No bats are used in this game, players must play the ball using any part of their body, apart from their hands.

Quality of the foot volleyball table

Just like our other products, this foot volleyball table is made from a single piece of concrete. We use very high quality concrete for all HeBlad products. This means that we guarantee that you will enjoy your foot volleyball table for years to come. In addition, this foot volleyball table, like all other HeBlad products, is resistant to all weather influences.

Different variants

HeBlad offers the foot volleyball tables in 5 different colours. This foot volleyball table is supplied as standard in the colour anthracite concrete, but we also offer the colour natural concrete, lacquered green, lacquered anthracite and lacquered

Football volleyball is a ball sport similar to table tennis, but is played on a curved table with a ball similar to a soccer ball, and the players can hit the ball through any part of the body except the hands.

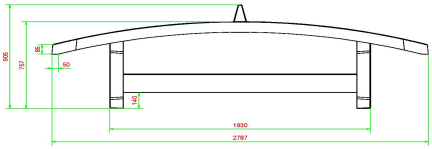

**When you purchase a HeBlad foot volleyball table, a football is included for free.

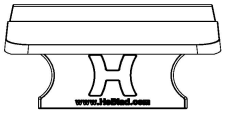

We recommend placing the foot volleyball table in an obstacle-free space of 10 x 8 meters.
Agile football players often need a smaller free space.
