Concrete Foot Volleyball Table Green

Product code: VV.GR

Are you looking for a game table for an active game? Then choose our green concrete foot volleyball table. This table resembles the table used for table tennis, only it is slightly curved. Just like our table tennis tables, this product is cast from one piece of concrete. The net is available in the center of the table in the form of a raised edge. This table can be used to play all kinds of games, but in most cases foot volleyball (Teqball) is played on it. This table is an ideal asset for football clubs, schools, playgrounds and public parks.
What is foot volleyball or Teqball? Foot volleyball is a ball sport similar to table tennis, but is played on a curved table with a ball similar to a soccer ball, and the players can play the ball with any part of the body except the hands.

What are the specifications of the concrete foot volleyball table green?

As you have come to expect from HeBlad, we supply products of the best quality. Our foot volleyball tables/Teqball tables are no exception and this is reflected in the specifications.
• Cast from one piece of concrete for optimal strength.
• Ideal for outdoor use and resistant to all weather conditions.
• Dimensions: 274 x 152 x 8.4 centimeters.
• Can be used for various games.
• Painted green to resemble a table tennis table.

Can the foot volleyball table be placed outside?

This concrete foot volleyball table is specifically designed for outdoor use. Of course, you will need some space for the table and the playing field around it. You can play all kinds of games on it, but foot volleyball or Teqball are the most common. That is why it is an ideal product for the (school) yard, the sports club, the park, the campsite and the playground. Besides providing everyone with an enjoyable game, it is also an ideal way to improve football technique. This way you can kill two birds with one stone!
How much space is needed for a foot volleyball table? We recommend placing the foot volleyball table in an obstacle-free space of 10 x 8 meters. Agile football players often need a smaller free space. Combine this game table with one of our benches or other game tables for extra fun!

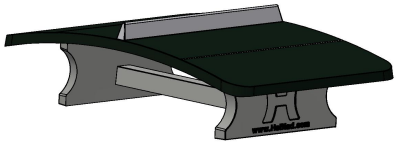

What is the delivery time of the foot volleyball table?

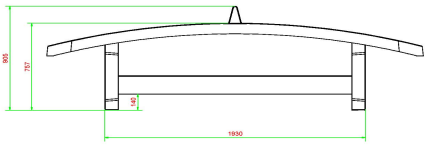

The delivery time for this table is an average of six weeks. This means that you can soon play a game of foot volleyball at our concrete volleyball table. Easily order online or inquire about the options and delivery conditions. If you have any further questions, please do not hesitate to contact us. We are happy to help you!

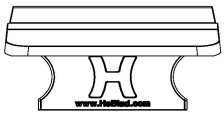

**When you purchase a HeBlad foot volleyball table, a football is included for free.
