Bench natural concrete oval

Product code: BB.ST.OV

This oval concrete bench is solid, practical and beautiful! HeBlad products are known for their robustness and indestructibility, but certainly also for their practical and beautiful applications. This natural concrete bench in oval design is no exception. With its high compressive strength and beautiful design, this natural concrete oval concrete bench is a safe, practical and attractive addition to your location.

Very strong oval concrete bench in the colour natural concrete

Because this concrete bench is made of high-quality C45/55 concrete, this gem has a very high compressive strength. The concrete bench is made from one piece of natural concrete and weighs 900 kg, which makes the bench impervious to vandalism and provides your location or facility with security. For extra stability, HeBlad can even supply a matching concrete base plate.

Beautiful through simplicity: oval bench for outdoors

With its subtle oval shape, this concrete bench made of natural concrete is a real decoration for your square, park or garden. The oval shape gives a playful character to the bench and can for example be placed with several benches in a circle or like waves across the schoolyard. This beautiful bench can also be an attractive partition for your border or sandbox. Do you prefer a different version? Then go for the standard concrete bench or make a different colour choice such as the standard anthracite-concrete oval bench.

Enjoy outdoor seating on a robust concrete bench

The high-quality natural concrete from which the concrete bench is made offers resistance to all weather influences and is easy to maintain. The concrete bench has been specifically developed to provide seating comfort to users in the outdoors. With an ideal seat height and depth, four adults can easily sit on the standard oval concrete bench.

Combine a concrete bench with a concrete table tennis table or other game table

The possibilities for combining the standard oval concrete bench with other game tables, benches or picnic sets are endless. Consider, for example, our concrete table tennis table, foot volleyball table or game table. Inquire about all choices by contacting us, we are happy to help you!
