# Bench standard oval anthracite

Product code: BB.STA.OV

This oval concrete bench from HeBlad in anthracite concrete colour is a true eye-catcher in any public space. With this concrete bench you are assured of the reliability you've come to expect from HeBlad. The weight of 900 kg and the fully concrete design of the bench guarantee strength and vandalism resistance. This oval standard bench is sprayed with high-quality paint in anthracite colour. This gives you a solid bench with a playful appearance in a warm colour that requires little maintenance.

Oval concrete bench offers pleasant seating

Use this concrete bench in anthracite colour to create seats in your schoolyard, park or garden. A robust addition with a subtle appearance. Four people can sit comfortably on this bench and the appearance is chic thanks to the anthracite colour and oval shape. The bench owes its shape and appearance to the use of concrete and high-quality paint. Weather conditions do not affect this concrete bench.

Oval concrete bench as a partition or security
Due to its solidity, this oval concrete bench anthracite can be used perfectly as a clear separation of a room or area. This concrete bench offers seating for four people at a height of 50 cm, which is also a nice and clear height to indicate a boundary. By placing the bench in front of an entrance or large windows, you subtly build in great security. Ram raids are prevented and burglars are deterred.

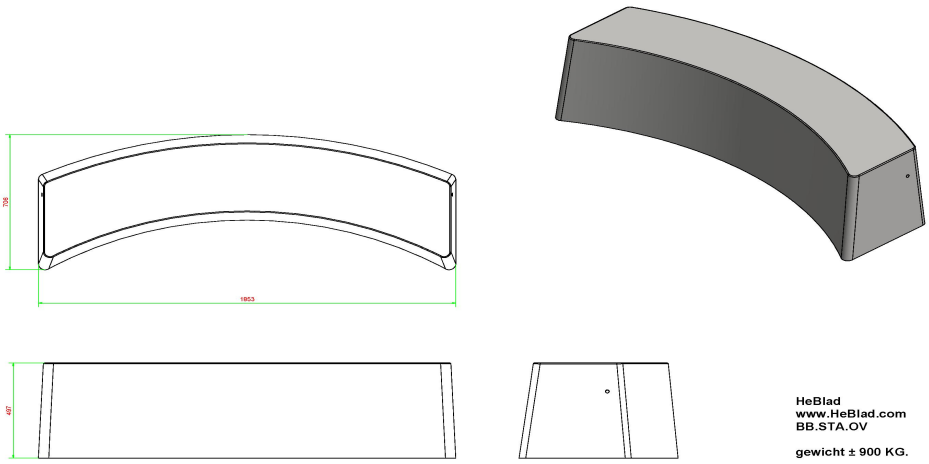

Combine oval concrete bench with other concrete benches
Combine this oval standard bench with other concrete benches from HeBlad to
