Multi Gaming table (1-3-4) Standard Anthracite-concrete

Product code: PS.STAB.GT 134
This robust picnic set in the beautiful anthracite concrete colour guarantees endless fun and seating enjoyment. The integrated games of chess, ludo and backgammon offer everyone the opportunity to play a board game.

What do the numbers 1-3-4 stand for?

These numbers show the layout of the games that are incorporated into the table top of this anthracite concrete multi-game table. In this case it concerns a chess game, a ludo game and the backgammon game. You will receive the corresponding pawns and dice for free when you order the game table. The table is cast from one piece of concrete and the seat and table height are perfectly matched for a comfortable sitting position.

Installing and delivering the multi-game table

Because we are careful with our products, we make and supply the multi-game table ourselves. We have drawn up a number of delivery conditions for this, but you can always contact us to find out whether this table can be placed at your location. Taking into account your wishes, the users, the environment and the space you have.

Sturdy with a base plate

To make the multi-game table stable on a less stable or uneven surface, we have designed a matching base plate. You order this base plate separately from the game table, it is always optional and is not included in the price of the game table.

Combine the multi-game table with the concrete benches from HeBlad Because the multi-game table has multiple functions, as both a game table and a

picnic set, this table can be perfectly combined with other HeBlad products. In the same beautiful anthracite concrete colour, concrete benches can be placed next to or near the multi-game table. These benches can be used as extra seating for visitors, but also as security for your site or building. These benches are by design also robust enough to serve as a barrier or as protection against ram raids. You are cordially invited to contact us for advice.

Please note: the base plate is optional and is not included as standard.
