### Backgammon Table Natural Concrete (2P)

Product code: GT.BG.2

A light-coloured, aesthetically pleasing, slim and functional game table for the outdoors. With the right seat and table top height, it is a great place to sit. The backgammon board game is integrated into the table top itself. The table and seats are made of concrete and the game board is made of natural stone, specifically designed and made for outdoor use.

#### What is backgammon?

In the board game backgammon, players have to move stones across the board from one side to the other. The points are determined using a die. The opponent walks across the board in the opposite direction. Along the way the other person's stones can be struck. The goal is to be the first to bring 15 stones to the other side of the board.

#### Concrete backgammon table from HeBlad

Which backgammon table is best to buy? HeBlad backgammon tables are designed and produced to be used outdoors for many, many years. The strong and durable concrete makes the tables impervious to vandalism, damage and weather influences. Depending on the available space, the location and the number of seats desired, you can choose from different options. The backgammon table for 2 persons is available in natural concrete and anthracite concrete. The backgammon table is also available in the same colours in a 4-person version. The backgammon game is also included in HeBlad's multi-game tables.

Backgammon tables and other game tables from HeBlad

Because all HeBlad gaming tables are made from one piece of concrete, they will last for decades. Rain or sunshine, you can always play and sit at these tables. All products can be perfectly combined due to their similar appearance or to contrast in colour or robustness. For example, place a chess table next to a backgammon table or display a concrete bench on the side of a game table.

For questions or deliveries, please contact us, we will be happy to help you.

\*When you order a backgammon table, you will receive one set of backgammon pieces for free. This includes five dice.
