Backgammon Bench, Natural Concrete

Product code: BB.BG

The integrated backgammon game makes this concrete bench a must-have for the garden, the park, the school grounds, the campsite or in the park. HeBlad concrete is specifically designed for years of outdoor use. Intensive use or extreme weather conditions therefore have no effect on the workings or chic appearance of this backgammon bench.

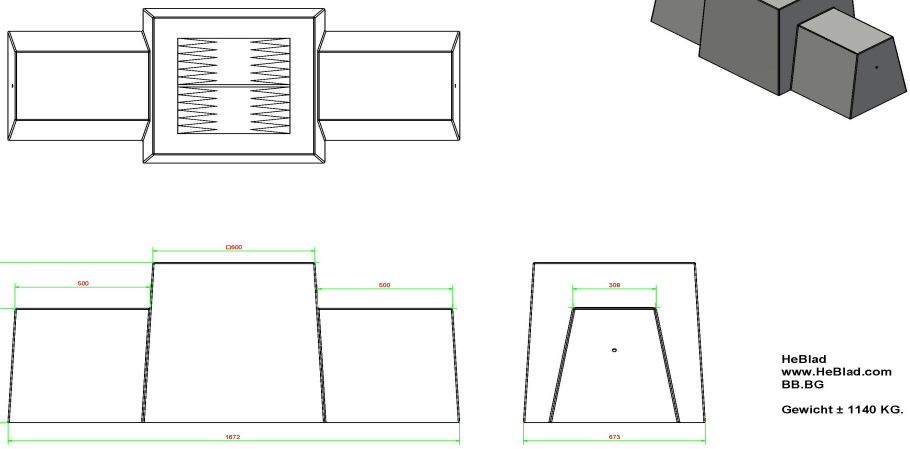

The history of backgammon
Where does backgammon come from? It was most likely first played in Mesopotamia 5000 years ago, after which it evolved over centuries into the current game. It is one of the oldest board games in the world, and the game is still popular with young and older generations.

Backgammon for everyone
The backgammon bench is a beautiful concrete bench whose tabletop contains a backgammon board game. The bench always comes with backgammon stones and five dice. The base plate is optional and may need to be ordered separately.

Combine Backgammon with other gaming tables
This backgammon bench is an eye-catcher in itself but can also be perfectly combined with other game tables or picnic sets from HeBlad. Think of the chess bench or checkers bench in the same colour: natural concrete.
